

Portable Appliance Tester Trade-In Offer

Upgrade your current working Portable Appliance Tester† to the latest **SAFETCHECK Pro Logger II (Complete with RCD Option)** or **TRIO-LCB***

Upgrade your current working Portable Appliance Tester† to:

The SAFETCHECK Pro Logger II, complete with RCD Option (\$1545 ex GST - Save \$830)

The fastest, simplest and most thorough Australian made Portable Appliance Tester on the market. Now with an integrated data logger as standard, testing appliances and recording measured results is as easy as pressing a button.

Other options available:

- High Current (0.2, 10 & 25A) Earth Test option.
- 1000/2000 records, keyboard and scanner options.

The **STC Pro Logger II** is a big advance in testing. It is packed with features that mean even better value for the user. It is still the only portable appliance tester to ensure fail safe test conditions for compliance with the latest AS/NZS 3760 Standard. Designed and manufactured in Australia.

The TRIO-LCB* Portable Appliance Tester (\$790 ex GST - Save \$350)

A low-cost, hand-held alternative to the SAFETCHECK Pro Logger II Portable Appliance Tester.

Key Features of the TRIO-LCB*:

- Leakage current tests (Run Tests)
- Measured values & test results displayed on a selectable insulation test voltage (250V or 500V)
- Protective earth resistance test at 10Amp AC

†TRIO Smartcal reserves the right to refuse this offer e.g. dependant on a trade-in's calibration history *TRIO-LCB may be substituted with Kyoritsu 6201A Conditions apply - not available in conjunction with any other offer; offer valid while stocks last; offer may expire at any time / Issued 18th December 2009
